

Helena C

Excellence

Simon Johnson is the epitome of a charming host and combines this with his renown skills as a sailor. He has a generosity of spirit that will leave you enthused by his philosophy of living life to the full, and in the best possible style!

Simon has excelled in yachting since the age of 13, then to become the world's youngest Yachtmaster Instructor - the highest qualification in the business at that time. His many miles of experience, his ownership of several yachts and a few yachting businesses puts him into a league that demonstrates his passion for ships, and those who embark upon them.

It is because ships bring people together, and re-invent those wonderful opportunities of exploration, that makes a sailing yachting vacation a truly remarkable experience.

This great ship Helena-C has inspired Simon to bring together an unrivalled network of people to ensure your comfort, enjoyment and safety, and to embark on what will prove to be a most fascinating itinerary.

Enough from us!! lets hear what previous guests have had to say...

"Simon and the crew are absolutely charming and couldn't be more accommodating. I was impressed with the level of service. Whilst maintaining a professional manner they all know how to have fun. This is the sign of a truly great crew."

(CB, New York, USA)

"What can I say about the crew but they are excellent in every respect! The service was exquisite, making one feel quite pampered!"

(AL, Florida, USA)

"This being our 5th charter you don't think it can get any better. Well, you did! Everything from the food, service and boating experience was excellent."

(NW, Missouri, USA)

"Dear Simon. The crew made this trip the one we will remember and talk about for the rest of our lives. We will never forget the fun we've had!"

(RD, Columbia, USA)

Rest

Helena C's accommodation was inspired from an era passed. Sumptuous and traditional, her deep panelled hard woods create a relaxing ambience for those wishing to escape a while from the excitement on deck. But her looks belie the technology, providing you with every conceivable luxury expected of a vessel of this quality. From the full vessel air conditioning to control your environment to the sweet sounds of the individual cabin CD system's. Every cabin has a compact but luxuriously appointed bathroom.

Helena C's Toys & Equipment.

Two Novurania 4.5 high speed luxury tenders powered by 75hp Yamaha outboard engines. These will provide you with all the power you need to prove your skills on the water skis, wake boards or provide hours of fun on the ringos. We carry child's skis too for the younger water sports enthusiast.

Avon 3.5 jet boat - great fun for exploring the little creeks and finding those forgotten beaches. You can ski behind this too or it's just great for that sunset cruise.

The **"Pico" sailing dinghy** is a new product from the Laser® company. Just as much fun but you really can have two or at a squeeze three people on it. Brilliant fun if you fancy sailing something a little smaller and livelier than Helena C for a while.

Snorkel equipment is kept in pristine condition and will fit most sizes and enough for all the guest. Great to see what's going on down below.

Helena C has numerous floatation mats, great fun afloat or ashore.

A full communications link is maintained at all times. If you really have to stay in touch, the

Helena C has full totally up to date electronic communication from the GSM type, phone, fax and data unit, though to the Uridium satellite phone and full worldwide Fleet 77 satellite system. All cabins are equipped with telephones for privacy. Full voice fax and data communication is always available.

The "Pico" sailing dinghy - brilliant if you fancy sailing something a little smaller and livelier than Helena C for a while.

The cabin layout is cleverly conceived to allow a number of arrangements.

Helena C has four full double cabins. In addition she has two double cabins that may be easily transformed into two twin-single bed cabins, ideal for coping with various guest accommodation requirements. Towards the forward part of the vessel there is a further four bed cabin. This is laid out with twin bunks, ideal for children or specialist staff such as dive instructor, local guide or even the nanny.

Your crew are totally self contained in the rear part of the vessel, allowing you complete seclusion when desired - but not too far away to cater for your every need.
